HEAVY TAX

The tax on gasoline, practically unheard of 15 years ago, is now heavier than that on most commodities with the exception of cigarettes and liquor.

In addition to the federal tax of one cent and numerous city and county levies, every state in the Union now has a gasoline tax of at least 2 cents a gallon while some run as high as 7 cents. Although the original purpose was to use the funds obtained for road construction and maintenance, a larger percentage of collections in recent years has been diverted to totally unconnected state needs such as unemployment relief and school buildings.

The course of the determined fight that the utility industry will make against being subjected to Federal regulation became known this week after several weeks of uncertainty. Assuming leadership for the industry, the United Gas Improvement Company appealed to the Philadelphia Federal court to declare the Public Utility Holding Company Act unconstitutional and to restrain the Securities and Exchange Commission and other governmental agencies from enforcing the act.

The action taken by the country's oldest and one of the largest utility holding companies in refusing to register with the commission was based upon legal opinion that it had obtained declaring the act unconstitutional. Following the announcement of the steps taken by UGI it became known that other companies contemplating a similar procedure, and it is generally regarded doubtful that more than two or three companies at the most (Continued on page 8)

Miss Helen Brown Wins Prize For Dress Designs

Miss Helen Brown, attending her fourth year at the University of California, will model two costumes designed and made by herself at a fashion show which is to be held in conjunction with the Big Game ASUC on the campus this Friday.

Miss Brown is a member of Delta Chi Alpha, household arts majors' society, which is sponsoring this fashion show as a yearly project.

The costumes to be entered in the affair will be suitable for a campus girl's wardrobe and will range from campus suits to formal wear. They will be judged on their suitability for a campus girl's wardrobe, workmanship, originality and general appearance. The judges for the contest will include Marie Ayrault, women's editor of the Daily Californian, and Dorothy Ormsbee, women's director of the Pelican. Each girl is allowed to model two dresses, but may only win one prize. The first prize will be \$5, second prize, \$2.50 and there will be three \$1 prizes.

Suit Brought Restrain Sale Of Automobile

MARTINEZ, Nov. 25.—Suit to restrain Charles Howard from selling an automobile to satisfy a storage claim was filed today in superior court here by E. H. Higgins through Attorney T. M. Carlson and Robert V. Collins of Richmond.

Higgins charges that Howard took possession of his car on February 1, 1935, and asserts a fictitious claim for storage. He claims Howard plans to sell the machine and asks a court order to stop him. Superior Judge T. D. Johnston set December 2 as the time for hearing an order to show cause why the defendant should not be restrained from selling the machine.

THE WEATHER

SAN FRANCISCO BAY REGION—Fair and mild Tuesday and Wednesday; early morning fog; gentle west wind.

NORTHERN CALIFORNIA—Fair Tuesday and Wednesday; local valley fog; normal temperature; moderate north and northwest wind off the coast.

FIEND SOUGHT IN MURDER CASE

For Mercy

DR. M. A. WARRINER, 79, dean of practicing physicians in Bridgeport, Conn., who asserts he never has regretted a "mercy killing," he performed 48 years ago. A hunter, he said, had been horribly wounded in the head and would have become a maniac. Dr. Warriner gave him an overdose of morphine.

Order Made For Division City Funds

In order to secure as large an amount of interest as possible for the city on unused funds the council last evening instructed City Treasurer I. R. Vaughn to deposit \$250,000 in inactive accounts, and the remainder of the city's money in active accounts.

Under a new state law active accounts only draw one half of one percent, while inactive accounts draw one per cent.

The action was taken on the request of the city treasurer.

NEW WHARF WORK
Plans and specifications for the repairing the fender system and dolphins at wharf No. 2, were adopted and bids will be opened on December 9th.

It is estimated the work will cost \$7,800. The piles will have to be crosscut.

DEPARTMENT REPORTS
The city tax collector reported tax collections of \$41,013.87.

City Auditor Nettie A. Whitesides in her report, showed a balance in the city treasury of \$70,779.57.

SOFT DRINK PERMIT
A soft drink permit for 2233 Macdonald avenue was granted to J. J. Peres and J. A. Donnemurth.

Nose Twister Is Beaten To Death By Man

LOS ANGELES, Nov. 25.—UP—William Howard, 25-year-old boarder house "goat" squatted on a jail stool tonight and calmly told why he hammered Grover Kirk, fellow boarder, to death with an iron bar while they were washing dishes.

Howard, half the size of the man he killed, stuttered a story of long smoldering wrath which burst forth in homicidal rage when his victim tweaked his nose.

"He was a bully," Howard said. "He grabbed my nose and twisted it and I couldn't stand it any longer, so I picked up the iron and let him have it."

FATHER IS CALLED

Richmond friends of Rev. and Mrs. Earl W. Haney former Richmond residents, learned yesterday of the death of Mrs. Haney's father, John McAllister, who died at Eagle Rock on Thursday.

SULLINGER SUCCESSOR APPOINTED

D. M. Teeter, of Richmond, deputy county auditor, was named county auditor by the Board of Supervisors at a meeting late Monday afternoon.

Teeter will succeed his late chief, A. N. Sullinger, who passed away at an Oakland hospital on Friday night.

TEETER'S VOTE

The board, at its special meeting, voted unanimously to appoint the Richmond man to the position. Supervisor James N. Long made the motion for the appointment, and Supervisor J. Trembath seconded it. The vote was unanimous.

There were no formal applications for the position, it was said. It is understood that several men, including several prominent Richmond residents asked that they be given the job if Teeter did not want it.

EMPLOYED 7 YEARS

Teeter has been employed by the county for the past seven years as deputy county auditor and during that time he has won the commendations of the board of supervisors and other county officials for his efficient work. His chief work has been in the preparing of the budget.

The new official is a native of Livermore. He graduated from the (Continued on page 8)

Woman Jailed As Man Leaps From Her Car

SAN FRANCISCO, Nov. 25.—A pretty young woman today was accused of drunken driving while police probed her story that a man companion jumped from her automobile after she had rejected his proposal of marriage.

She is Miss Helen Harris, 21, 1280 Eighth avenue, secretary to the general manager of a downtown department store.

The man, Scott Perkins, 35, an announcer and producer at radio station KJL, Los Angeles, is in the Franklin hospital suffering from injuries which physicians say may prove fatal.

The girl told police Perkins came to San Francisco Saturday and that night they dined together and then went to a resort at the Beach, where they remained, dancing and drinking, until after midnight. Then they started back downtown.

Police found Perkins on the highway with the girl holding his head in her arms.

The injured man was taken to the Park Emergency Hospital and from there was removed to the Franklin Hospital. Physicians said his skull was fractured.

Miss Harris was arrested. Police said that before Perkins jumped she had struck a parked machine and continued down the highway without stopping.

S. O. Credit Body Listed By Paper

The Richmond Standard Employees Credit Union is one of the 123 credit unions listed in the first issue of the California Credit Union League. R. A. Patterson is secretary of the local credit union.

As the official publication of the State League, the News plans to print information about all California credit unions and to feature special articles showing the growth and activities of the credit union movement throughout the State. At present, there are 30,000 members in the 123 California credit unions.

Fred Prosser Facing Probe

FRESNO, Nov. 25.—UP—A methodical killer, expert with a rifle, killed brown-haired Mary Stammer, 14, as she sat reading in her parent's luxurious home, E. O. Heinrich, famed criminologist, reported tonight.

District Attorney Dan Conway and other authorities indicated that they would seek a youth who knew the girl as a possible suspect.

"I can't help but think there is a boy in this—some youth with a twisted mind who knew the girl," Conway was quoted as saying.

Heinrich, credited with solving more than a score of baffling murder mysteries, carefully reconstructed the brutal slaying after inspecting the bedroom and home where Mary's partly nude body was found by her mother last night.

RECONSTRUCTS CRIME

"The girl clearly was shot thru the window by a person standing on the lawn outside," he said. "The killer then evidently went to the back door, broke it in, and entered the house. Indications are that he did not drag the body to a nearby bedroom, but carried the child there."

"The wounded girl lay for a short time in the music room where she (Continued on page 8)

Paper Cashier Robbed By L. A. Daylight Bandit

HOLLYWOOD, Nov. 25.—UP—R. P. Smith, cashier of the Hollywood Citizen-News, was held up in front of the film city postoffice by two bandits today and robbed of \$1,766, the newspaper's payroll.

Smith was walking from a bank to the newspaper's office when the bandits' automobile drew up at the curb at the intersection of Selma and Wilcox avenues, near the heart of downtown Hollywood.

One robber stepped out, snatched a brief case containing the payroll while menacing Smith with a revolver, then leaped back into the car, which sped away and was lost in traffic.

Suicide Feared By Mother Of Trooper Slayer

TACOMA, Wash., Nov. 25.—UP—Mrs. Carl Van Vlack, mother of Douglas Van Vlack, 32, suspected of slaying Idaho State Trooper Fontaine Cooper near Buhl today, predicted tonight that he would kill himself and former wife, Mildred Hook, before he was taken.

Through Stewart Elliott, deputy county prosecutor, she issued an appeal to her son to "for God's sake surrender, before anything else happens."

Van Vlack assertedly abducted his former wife, daughter of Joe Hook, detective fiction writer, near her parents' home Saturday night. Miss Hook telephoned an uncle in Portland yesterday that she was "all right" but being forced against her will to travel with her ex-husband. Today she wired her father from Boise, Ida., that she was "all right."

Third Party

FLOYD B. OLSON, Farmer-Labor governor of Minnesota, who predicted formation of a nation-wide radical third party in 1940, if not in 1936, when he spoke in New York. He said he would run for Senator but not for President.

Christie In Tribute To City Council

J. A. Christie last evening took occasion to pay a well deserved tribute to the members of the council and city manager.

Just before the session of the council closed, he asked for permission to speak.

Taking "Thanksgiving" as his topic, as the day is so near at hand, he said that he thought that the people of this country and of the city of Richmond had every reason to give thanks.

"Note what is occurring in foreign countries," said Christie. It seemed as if every country is about ready for war. Here in the United States we are enjoying peace and security while the people of foreign countries are living in terror.

"The business men and people of this city should give thanks to the council and the city manager for the wise administration of its affairs. It has enjoyed, especially during the troublous times of the past five years, this city has a very enviable standing among the municipalities of the state and the future looks very bright."

Mayor W. W. Scott replied by saying it was indeed gratifying to hear such remarks, that they were as cheering, hockey, basketball, tennis, swimming, fencing, canoeing, and riding. A banquet is held on the evening of the final day, following the intramural horse show.

Miss Michel is registered in the College of Letters and Science at the state university.

Hotel At Clyde To Be Used For Hospital Base

Announcement was made yesterday by W. S. Van Winkle of Port Chicago of the releasing of the Clyde hotel of 200 rooms to the SERA for two years. The federal relief agency intends to house 350 men at the hotel, providing a 50-bed base hospital for persons ineligible for county hospital aid and accommodations for unemployed.

A crew of 50 men started work today on the change over, which is to be made effective on December 1.

The hotel was used by the Children's Training Corps, which was recently disbanded.

George Flewelling will be in charge of the hotel for the SERA.

WILL AUDIT ACCOUNTS OF CITY CLERK

Whether Fred Prosser, the missing city clerk of El Cerrito, now on an unauthorized vacation since November 18th, returns to his desk or not, in the meantime, the council of that city will order an audit of his accounts at its next meeting.

Later on, the council will have three courses open for dealing the office vacant. Should he not appear again in the official picture within 30 days from the date of his departure, the council can declare a vacancy. He can be retired by court order, should malfeasance be discovered, or if he be absent from the state for 60 days, the statutes provides that he is out automatically and off of the city's payroll.

While City Attorney T. H. Delap states that Prosser is entitled to a vacation for two weeks, this privilege can only be lawfully exercised by first obtaining a leave of absence. This formalities, it is stated by the governing body of the El Cerrito municipality, Prosser neglected to do. He was thoughtful enough to dispatch a telegram from Berkeley to Mayor Nissen, announcing a proposed exodus to the Klammath river on a fishing jaunt, but it is charitably believed that he lost his compass, for either he, or his double was seen on the streets of El Cerrito the day following his fraternal message to the Mayor.

Anyhow, the much wanted city clerk was not at the meeting of the council last evening, and a young lady deputy performed the secretarial duties for the occasion.

Richmond Girl Appointed On U. C. Committee

Lorraine Michel, of Richmond, now a junior student at the University of California, has received an appointment to serve on the arrangements committee of the Women's Athletic Association field week for this semester.

The W. A. A. field week is a semi-annual affair, culminating a semester of sports activities. Tournament sports: golf, rifle, archery, tennis, basketball, tennis, swimming, fencing, canoeing, and riding. A banquet is held on the evening of the final day, following the intramural horse show.

Miss Michel is registered in the College of Letters and Science at the state university.

Foreclosure Is Asked On I.O.O.F. Promissory Note

MARTINEZ, Nov. 25.—In an action filed today, foreclosure upon a promissory note of \$1,635 was asked against the Odd Fellows Hall Association, Aubrey Wilson and Talitha Edgar.

The action was filed by Antonio Nelson, Andrew Nelson and Albert Nelson, doing business under the name of the San Pablo Lumber Company. T. N. Calfee is attorney for the Nelsons.

The suit claimed that the defendants executed a note for the \$1,635 on September 27, 1934 and that the amount is now due.

Injured

A RECENT picture of Mrs. Edith Kermit Roosevelt, widow of the late T. R., who suffered a leg fracture when she fell at her home at Sagamore Hill, Long Island. Heart complications followed.

Successful Landing Of Big Clipper

WAIL, ILLAND, Tuesday, Nov. 26.—UP—The Great China Clipper, swept to a smooth landing at 1:40 P. M. today (6:40 P. M. PST Monday), completing the third leg of its 3,000 mile first air mail flight from California to Manila.

Captain Edwin C. Musick and his crew reported sighting Wake at 1:29 P. M. and came roaring over the mid Pacific base of Pan American Airways at 1:35 P. M.

The four-motored Clipper, boosted along for much of the distance by tail winds, covered the 1212 miles between Midway, second stop on its Manila hop and Wake in eight hours, 28 minutes. She left Midway at 10:12 A. Monday, PST.

Ahead lay 3,000 miles of over-water flying for the Clipper before she reaches her goal in Manila. Captain Musick and his men have been as far as Guam, next stop on the route, but previously covered the Guam to Manila leg of about 1,500 miles.

The W. A. A. field week is a semi-annual affair, culminating a semester of sports activities. Tournament sports: golf, rifle, archery, tennis, basketball, tennis, swimming, fencing, canoeing, and riding. A banquet is held on the evening of the final day, following the intramural horse show.

Miss Michel is registered in the College of Letters and Science at the state university.

Kelly's Stand In Bridge Row Given Support

SACRAMENTO, Nov. 25.—UP—J. J. McNamara, chairman of the finance committee of the Del Norte county board of supervisors, today wired Earl Lee Kelly, State director of public works, supporting Kelly's insistence upon a three-lane Waldo approach to the Golden Gate bridge.

Kelly has asserted that construction of a four-lane approach would result in shifting of funds from northern California road projects, particularly those in the Redwood Empire, to cover the extra cost of a four-lane road.

Letters Petition In Graham Estate

A petition has been filed in Superior Court at Martinez by Mrs. Mary Gorman, through Attorney Thomas M. Carlson, asking letters of administration in the estate of her husband, Martin Gorman.

Gorman died November 6, 1935 in Richmond and had an estate worth less than \$10,000. His widow resides at 152 Carmel avenue, El Cerrito.

SANTA FE CLEARS UP BUS ACTION

SAN FRANCISCO, Nov. 25.—UP—Santa Fe transportation company has cleared up misinterpretations on its application to institute stage lines parallel to its railroads, and is now ready to sell the idea to the public. Judge Robert Brennan, Coast counsel for the organization said today.

Regarding a conference today between Santa Fe, Southern Pacific and Pacific Greyhound representatives and the state railroad commission as "highly satisfactory," Brennan indicated that the two rival organizations now consider Santa Fe's proposal as legal and acceptable.

"Southern Pacific and Pacific Greyhound have cleared up the misunderstanding regarding our application which they drew from Commissioner Ware's letter," Judge Brennan said.

"We believe they recognize now that our application is meritorious, and that the people will not permit one bus line to gain a strangle hold in California," he declared.

REAL SYSTEM

The Santa Fe proposal includes paralleling railroad lines with stage lines between Los Angeles and Arizona, San Diego, and (Continued on page 8)

Anita Whitney Found Guilty Of Perjury

SAN FRANCISCO, Nov. 25.—Anita Whitney, California Communist leader, was found guilty of falsifying an election statement by a jury in Superior Court late today. Conviction carries a possible sentence of two years in State's prison or in the county jail, or a fine of \$5,000.

The guilty verdict was returned before Judge Robinson by a jury of four women and eight men.

Miss Whitney did not flinch when the clerk read the verdict. The Judge permitted her to remain at liberty on \$500 bail. Sentence will be passed next Wednesday morning.

The State charged Miss Whitney had falsely sworn that she personally circulated and obtained the signatures on petitions supporting the candidacy of Communist party candidates in the 1934 State election.

Traffic Safety Council to Elect On December 4th

The Richmond Traffic Safety council will hold a meeting of the membership, Wednesday evening, December 4, at 7:30 o'clock in the council chambers of the Richmond City Hall.

At that time a report of the activities of the Council for the past year will be given, together with tentative plans for the coming year.

E. S. Moore, assistant manager, Public Safety Department of the California State Automobile Association will speak on the subject: "What the future holds in store for Safety."

Nomination and election of officers for the new term will also be held.

Treasure Night
Is Arranged For
Wednesday Eve.

Tomorrow is treasure night at El Cerrito dog track.
Everyone takes part.
There is fun for the crowd, and plenty of surprises.
Always popular, treasure night offers \$200 in cash to two lucky patrons.
First is \$100 and second \$50.
All the El Cerrito patrons participate.
Then on Thursday, Thanksgiving day, the track goes to town again.
Thanksgiving not only marks the running of the special greyhound derby, but also means celebration of the first San Francisco night of this meeting.
Thanksgiving is a night of surprises.
It will find three persons picking money off the wall, figuratively, first \$100, second \$25 and third \$25.
Here's an opportunity that will not be overlooked.
The week's races find:
Wednesday—Mission 5-16ths take stake.
Thursday—Thanksgiving Handicap.
Friday—Oakland Futurity.
Saturday—Contra Costa Handicap.
All of the best greyhounds from the top kennels will compete.

Lucky Duchess, Red Rawdon, Flanagan.

With Coast Gridders

HUSKIES DISCOURAGED

SEATTLE, Nov. 25.—UP—Washington's discouraged Huskies, upset 7 to 6 Saturday by an underdog Oregon football team, began drill today for their last games of the season, against the improving Southern California Trojans at Los Angeles. The Huskies need a win to finish in first division, despite the fact they were picked as ranking championship contenders early in the season. Many disgusted supporters were willing to write the Trojan game off as another defeat, but Coach Jimmie Phelan's men worked with determination against a team of freshmen and reserves using Southern California plays.

COUGARS AT WORK

PULLMAN, Wash., Nov. 25.—UP—Washington State's Cougars worked hard today for Saturday's game against St. Mary's at San Francisco hoping to salvage something from an otherwise disastrous season. The Cougars were underdogs against the Gaels, after losing to Washington, Gonzaga and Southern California in earlier games.

OREGON ELATED

EUGENE, Ore., Nov. 25.—UP—Still elated over their 7 to 6 defeat over Washington, Oregon webfoot loafed today, having two weeks in which to prepare for their annual game with St. Mary's at San Francisco. The Webfoot will not have the services of Frank Mitchell, No. 1 fullback, but barring practice injuries should be at full strength otherwise.

SEVENTH RACE: 5-16 Mile.

Girl Of Golden West, Phar Lap, Gallant Katy.

EIGHTH RACE: Futurity.

Comanche, Redesto, Barnett, Bings Memory, Barbarossa, Foaming Nig.

NINTH RACE: 5-16 Mile.

Lori Blitz, Shawnee Belle, Evening Starlight.

ELEVENTH RACE: Fut. Hurdle.

Glazier's Point, Top Sergeant, Sunny Crown.

DENVER INN 5,
PRODUCERS IN
CAGE VICTORY

The Denver Inn basketball squad of the A division of the city basketball league broke into the victory column last evening when the quarter defeated Wolff's by a score of 27 to 27.

This was one of the most exciting games of the evening with both teams displaying a fighting spirit that kept the fans on their feet throughout the contest.

Wilson, who railed up 14 points, was high man for the winners while Linstead, with eight points, led the scorers for the losers.

In the second A division game, the Richmond Produce squad showed superior basket work to defeat the Y. M. I. boys by a score of 25 to 20.

The Catholic institution gave the Producers quite a run for their money in the first half but the winners, due to the remarkable basket work of Kislinsky, their center, put the game on ice.

Kislinsky was the high man for the evening, scoring 17 points. Gillan trailed him with five pointers.

For the Y. M. I. squad, Jim Kennedy was high score man with nine points and Owens was second with six.

Here are the scores:

A Boxing Giant

BIG ITALIAN Primo Carnera hitherto has held the palm as a boxing giant, but now a new one appears, as above. He is Mitu, a Rumanian, who weighs 321 pounds and is 6 feet 11 inches in height. Champion of his native country, he now emerges to seek new honors. He is shown as he arrived in Paris from his home city of Bucharest.

GMC Stock For
Exchange At S.F.

SAN FRANCISCO, Nov. 25.—UP—The San Francisco Stock Exchange announced today common and preferred stock of the General Motors Corporation would be listed for trading on the exchange at a date to be announced later.
GMC was the seventeenth company seeking new or additional listing for its shares on the San Francisco exchange this year.

CARDINALS TO
PLAY IN ROSE
BOWL CONTEST

LOS ANGELES, Nov. 25.—Once again the Stanford Cardinals, victors in Saturday's big game, will defend the honor of the west in the annual Pasadena Rose Bowl game.

The Cardinals were selected by a telegraphic vote of Coast officials this morning. Announcement of the selection was made by Professor H. C. Willett of the University of Southern California, president of the Coast Conference.

THIRD YEAR

It will be the third straight year that Stanford in the Rose Bowl and will be the final chance for Bobby Grayson, Robert "Bones" Hamilton, Roy Reynolds and Monk Moscrip, all named on various honor teams to turn in the much cherished victory.

In 1934 Columbia University beat Stanford 7 to 0, while last year Alabama passed to a 26 to 13 victory.

VOTE NOT TOLD

"It was a majority vote and non-unanimous," Professor Willett said in making the announcement. He refused to tell newspaper men what other Coast Conference team received votes.

Stanford will invite the eastern university in the near future.

Leading candidates are Southern Methodist, Texas Christian and New York University.

ONLY ONE DEFEAT

Reports here are that Notre Dame a favorite, would not accept if invited. Princeton, undefeated in the East, and Minnesota, Big Ten leader, have standing rules against the Pasadena trip. S. M. U. and Texas Christian play next Saturday.

It was the 13 to 9 win over the Golden Bears of California which swung the Rose Bowl pendulum to Palo Alto. The voters overlooked the 7 to 6 defeat handed the Stanford team men by UCLA.

California had her most impressive win record since the "wonder teams" ended on the death of Coach Andy Smith in 1925. The Stanford defeat, however, was convincing that the otherwise unbeaten Bears were out.

UCLA had only one Pacific Coast Conference loss, a 14 to 2 setback by California, but it could not represent the West in view of the 21 to 9 football lesson received at the hands of Southern Methodist in an inter-sectional game.

SCHOOL BOARD IL DUCE WINS STREET PLANS SKIRMISH ON ARE ADOPTED BAN ON TRADE

On a motion of Councilman J. R. Beck, the council of El Cerrito at its meeting Monday night voted to adopt the Richmond Union High school board's plan of streets for the new junior high school in that city with the exception that Ashbury avenue will have a 30 foot roadway with 8 feet added for sidewalks and that Eureka avenue will have a full 70 feet wide.

In a communication from W. J. Helms, secretary of the high school board, Helms said they could not grant the request of the council for a 50 foot street on Ashbury as the Mercantile Mortgage, owners of the property would only give a 30 foot right of way and the school board did not feel like it could take 20 feet from the school property.

The motion was carried with Councilmen Beck, Hulter, Navallie and Larsen voting aye and Mayor Hans M. Nissen voting no, contending the street should be 50 feet wide.

In the absence of City Clerk Fred J. Prosser, Deputy City Clerk Margaret O'Connell acted in his place.

In a letter to the council Postmaster L. J. Thomas said there would be an El Cerrito cancellation stamp just as soon as it was received by his office. Not having the new stamp a Richmond cancellation stamp was being used.

A deed from the Central Savings Bank of Oakland, to four pieces of property at Gladys and Norwell streets was referred to City Engineer H. D. Chapman to check the descriptions.

On recommendation of City Attorney T. H. DeLap that in his opinion it was unlawful to conduct a walkaround, the council denied the application of the Berkeley Marathon Club for a permit to conduct a contest at the El Cerrito Athletic Club.

As no report has been received by the council from the State Division of Highways on the bids of cutting boulevard, City Attorney T. H. DeLap was instructed to try and get a report by next meeting.

A resolution was passed by the council declaring its intention to close the path in the Terrace Drive Park.

The property closed is to be exchanged for a twelve striped owned by C. H. and Fonda Blackburn.

On motion of Councilman W. F. Huber, the city clerk was instructed to notify the PWA of the outcome of the bond election last Saturday and express its regret that the council could not take advantage of the \$10,000 from the government for a new city hall.

Canvassing of the votes of the city hall bond election held last Saturday showed no changes from the unofficial figures.

GENEVA, Nov. 25.—UP—Premier Benito Mussolini of Italy won an important skirmish today in his campaign against economic pressure of more than 50 nations seeking to prevent conquest of Ethiopia.

Friday's scheduled meeting of the League of Nations general staff, to put an embargo on oil was postponed at the request of Premier Pierre Laval of France. The excuse given by Laval was that the disturbed French political situation would not permit Laval to attend.

Reports from Paris, London and Rome indicate Laval was influenced by the Italian ambassador, Vittorio Cerutti, who was understood to have brought powerful pressure upon Laval over the week-end.

THREAT IS TOLD
One report was that Cerutti threatened Italy's withdrawal from the League if oil was put on the embargo list. In London it was said the British agreed to postponement because it was feared Mussolini might regard an oil embargo as a cause for war with the sanctions.

Whatever the motive, the effect will be to postpone any League action on oil long enough to permit Italy to build up its stores. The government in Rome issued a decree ordering all companies and individuals holding big storage tanks to keep them filled to 70 percent of capacity with gasoline or fuel oil. December 16 originally was the date set for halting oil shipments to Italy. Vasconcellos will set a new date Friday for the general staff oil meeting.

IMPORTANT EFFECTS
Reports reaching British sources say that although sanctions have not yet made themselves felt materially, their effect upon Italian psychology already has been important. Experts said to deprive Italy of oil at this time would jeopardize the military campaign within three to four months. In this event attack upon Britain by Italy was considered not unlikely.

The way for effective application of an oil embargo was cleared, meanwhile, by notification that Russia and Rumania—two of the biggest producers—are ready to extend this sanction.

Last Rites Held For Cerrito Man

Last rites were held in Wilson & Kratzer chapel yesterday morning for the late George P. Pest, who died as the result of a heart attack.

Father James E. Forristal of St. John's church, El Cerrito, said the Mass. Burial will take place at St. Mary's cemetery, Oakland.

El Cerrito News

KATHERINE STARK WEDS ON SUNDAY

At a beautiful and impressive ceremony at 6 o'clock Sunday evening Miss Paula Kathryn Stark, daughter of Mr. and Mrs. W. D. Stark of 840 Park Way, El Cerrito, became the bride of Mr. Elbert Driscoll, son of Mrs. Frank Driscoll of 5333 Wentworth avenue, Oakland.

The wedding was solemnized at the Reorganized Church of Latter Day Saints at 2020 Ashby avenue, Berkeley. The bride's sister, Mrs. Thomas McDonald was matron of honor, and the bridesmaids were Mary Kosinski, Lucille Patterson, Winifred Rockwell, and Norma Garevich, while little Joyce Evelyn Andrews, four year old daughter of Mr. and Mrs. Chester Andrews acted as flower girl. Mrs. Chester Andrews will be remembered by El Cerritos as the former Miss Ella Lee of this city.

Mr. Herbert Brown served as best man, with Roy Robb, Lyle E. Cook, Bill Zuberbier and Clay Zuberbier acting as ushers.

The bride was lovely in a gown of white lace with train and veil. She carried an old fashioned bouquet of violets and gardenias.

The attendants and flower girl carried old fashioned bouquets of ice box flowers made by the bride. They wore of violets and pink roses.

Following the wedding a reception was held at the home of the bride's parents.

After a short honeymoon, the young people will be at home to their friends at 622 Richmond street El Cerrito.

FREEHOLDERS WORK ON NEW CHARTER
The board of freeholders held their third meeting last Friday evening at Memorial Hall. They were addressed by J. L. Long, assistant to the city manager of Berkeley, who gave the details of the working of the manager form of city government.

A charter calling for this form is now being drafted and within a couple of weeks will be in the hands of the board of freeholders for discussion and criticism. The board will hold another meeting next Friday evening at Memorial Hall.

TOWNSEND CLUB WHIST ON FRIDAY

Well, for once the women folks are going to get a break. The Townsend Club decided to hold a whist next Friday evening and let the men take care of the refreshment end of the party. Jack Crique is the big boss of the whole event. He will have charge of the games and the eats. He promises a "surprise" feed. The women Townsenders have already had their surprise, it took place when they found out they wouldn't have to bake cakes and donate coffee. We are all going to be surprised if that feed isn't a good one, too.

Mr. and Mrs. D. E. James will represent the local Townsend group at the Townsend dinner at Claremont hotel this week in honor of Congressman John Tolson of the Seventh District who is a strong Townsend supporter.

LUNCHEON GIVEN FOR AMICI CLUB

Mrs. Clarice McAuley entertained the Amici Club at her home on Kearney street at a bridge luncheon last Friday afternoon. This party was also a surprise birthday party for Mrs. Mary Norville, one of the members of Amici. The tables were prettily decorated with birthday cards and favors and numerous gifts for the honor guest.

NINTH BIRTHDAY OF MISS IS CELEBRATED

Little Mary Norville was hostess last week at a party in celebration of her ninth birthday. Among the little people present were Florine Hamilton, Patricia Weden, Alma Marcus, Eleanor Houry, Margaret Prior, Gretta Anderson and Evelyn Ibbotson. There were games and refreshments and lots of lovely gifts for Mary on her birthday.

LOCAL PEOPLE AT FOOTBALL GAME

Judge A. G. Thompson and Miss

Margaret Thompson were among the El Cerritos who attended the big game at Palo Alto Saturday afternoon. The Thompson family were sort of divided in their allegiance, the Judge and his daughter being graduates of Stanford, while the son, Carl, is a student in the University of California and was in the U. C. rooting section at the game.

BRING BACK A LOAD OF TURKEYS

George Yorko went to Niles Sunday and brought back a big load of fat turkeys for the Thanksgiving trade.

THREE NEW HOMES ARE BEING ERECTED

Herbert Green was issued a permit last week for a new home to be built at 5407 Barrett avenue at an approximate cost of \$4,000.

The Monroe Hatt home now being built on Kearney street is nearing completion, and will soon be occupied by the postmaster and his bride of a few weeks.

Another new home is going up rapidly in the same block on Kearney street, that of C. J. Botini at 556 Kearney. About another week will see it ready for occupancy.

BAY COUPLE TO MAKE HOME HERE

Mr. and Mrs. T. Coulter of San Francisco have moved to El Cerrito to make their home. They have taken the cottage at 300 Yolo street. Mr. Coulter is employed at the Ford plant.

MAKES TRIP TO SOUTH BY PLANE

Vic Perero flew to Los Angeles Sunday to look after business interests.

Youth Is Shot Fleeing Officer

OAKLAND CITY, Nov. 25.—UP—A village constable chased Chester Comer, an unemployed youth wanted for questioning in the disappearance of five people, three miles in an automobile and then shot and probably fatally wounded him today. Comer was driving a 1934 Buick sedan, in which the farmer and his son, Warren, disappeared, when Oscar Marxon, constable at Blanchard overtook him.

Scheduled Speaker Fails To Appear

Dr. Norman Pendleton, pastor of the Presbyterian church at Redwood City was to have been the speaker at the Townsend Club at Lincoln auditorium last evening. For some unknown reason he failed to appear, and the crowd of about 400 were greatly disappointed.

Dr. J. M. Heady, active in the work, filled in the gap, very ably, and devoted his talk to an answer to those who assert "It can't be done."

"For Colds - Salicylate Alkaline Medication"

That's what modern doctors say. That's what Alka-Seltzer says. Instead of being administered in two disagreeable doses, Alka-Seltzer furnishes this medication in one pleasant drink.

If you ever used anything more effective than Alka-Seltzer for Acid Indigestion, Headache, Muscular, Rheumatic and Sciatic Pains, we will refund the money you paid for your first package.

Your druggist sells Alka-Seltzer.

ETHIOPIANS VICTORIOUS IN WARFARE

ADDIS ABABA, Nov. 24.—UP—Ethiopia's northern forces, fighting the Italian invader with every resource of traditional and modern warfare, have inflicted heavy losses upon the Fascist armies during the past fortnight, officials asserted today.

A semi-official statement claimed: 4,700 Italians killed, 1,000 rifles and 40 machine guns, complete with ammunition, captured.

IMPORTANT MOVE

Authorities regarded the arms seizure as more important to the ill-fated Ethiopian forces than the loss of Italian lives. The gains are the result of stiffened Ethiopian defense following capture of the northern city of Makale.

Small guerrilla bands which the Italians are unable to mop up in the huddled mountains behind their lines have cooperated with the larger armies of Ras Seyoum, Ras Avelo and others to harass the Italians.

NO CHECKUP

The figures cannot be checked to the highest sources, but presumably they represent a compilation of the claims of various northern generals and guerrilla chiefs. They should be viewed in the light of the anxiety of these leaders to impress the central government with their prowess.

A spokesman for Emperor Haile Selassie, while declining to give figures on Italian losses, asserted Ethiopia's defense preparations have reached a stage where every foot of advance by the Italians is made costly.

PITCHED BATTLES
A pitched battle in the northern mountains still is postponed pending arrival of the King of Kings at the Dessie headquarters. However, single units of the Ethiopians now strike whenever opportunity arises.

Foreign observers believe the Emperor will depart soon for the northern front to launch personally a concerted drive to push the Italians back to the sea.

RESIST INVADERS
Intensification of defense in the north has been accompanied by a stiffening of resistance in the south, where the Emperor's flying visit apparently put new spirit in the armies pitted against General Rodolfo Graziani's columns.

The central government is with authentic dispatches from the south, destruction of the Goralah radio station having halted communication with lower Ogaden. Rumors that Goralah had been recaptured following the withdrawal southward of Graziani's advanced forces drew the comment in official quarters that one of Ras Desta's flying columns might have cut behind the main Italian forces temporary to regain that hilltop fortification.

ITALIANS ADVANCE

HARAR, Nov. 25.—UP—Unconfirmed reports that the main Italian army had advanced to within 60 miles southwest of Harar while flying columns engaged attention of defenders south of Jijiga reached here tonight.

The principal force of the invading army was reported to have moved freely and steadily up the frontier of the vast Bale region south and southwest of here and to have occupied Higoab, Midagut and Gerfomulleur—within striking distance of Harar.

Foreign military observers who recently completed a tour of the Ogaden front lacked confirmation of the report and Ethiopian authorities refused to comment.

Arrival of dispatch riders from outposts resulted, however, in intensified military activity around the city. A considerable force of troops left camps outside the walls for danger areas.

It is not known whether Ras Desta's flying columns might have cut behind the main Italian forces temporary to regain that hilltop fortification.

Reports that an Ethiopian column commanded by Ras Iyssa was annihilated in upper Juba, Italian Somaliland, apparently had not reached Harar when this dispatch was filed. The routes followed by Ras Desta in his counter-attack upon Italian territory and an Italian force advancing through Bale would almost coincide, if the principal river valleys were followed according to usual procedure.

Remembers Heroes

THE IMPRESSIVE scene at the Cenotaph, Whitehall, London, on Armistice Day as high government officials and thousands of citizens joined the royal family in memorial services for Britain's fallen heroes. Because of a severe cold King George was not able to be present. Gunfire ended the two-minute silence, as trumpeters sounded the post.

Heaviest Fog In Years Hits Richmond Area

One of the heaviest fogs in many years swept into Richmond late evening, covering the city with a white, misty, cold, damp mantle.

Visibility was almost zero throughout the night, starting at 8 o'clock, and continuing until 8 o'clock.

Traffic was hampered by the heavy mists. Cars traveled at snail pace; street buses were forced to drive slowly; trains and Greyhound buses maintained for schedules.

On San Francisco Bay all ferries were operated on later schedules, thus delaying the departure of trains from the Oakland mole.

Although the fog made driving extremely hazardous, no automobile accidents were reported in Richmond up to a late hour last night.

Two Deer Wreck Radio Man's Auto

SEATTLE, Nov. 25.—UP—Boat-fisher, radio KIRO-KOMO producer was out \$25 for repairs on his new car today, after it crashed and came out second best with a huge and angry deer near Laurelhurst, in Mt. Rainier National Park. Fisher was headed down the mountain, when the big buck bounded across the road and stopped. As the car approached, the deer charged. The bettered 1,000-lb. deer, fender and running board in one smash, then retired apparently undamaged.

Kensington Home Robbed By Burglar

Sheriff's officers yesterday were investigating the robbery of the M. B. Crookman residence in Kensington on Sunday night.

Clothing and jewels valued at \$50 and a child's bank containing \$5 were stolen from the home.

HIS NIGHT OUT IS PLAYING AT FOX THEATER

"His Night Out" presenting a head balled, devil-may-care Edward Everett Horton—a man who defies police cross examinations and third degrees, as well as the wrath of his employer and the death threats of gangsters. He is showing on the double bill for Bank night with "The Last Days of Pompeii" at the Fox Theater.

Horton, usually a shy, diffident person, becomes a lion when he learns that he has only 3 months to live, takes the blame for the theft of \$10,000 in bonds to save the girl, beautiful Irene Hervey, with whom he is in love. He starts the picture as a purchasing agent for a drug store, and ends as a hero.

Horton decides to spend his last five minutes on just one wild, exciting night to make up for the life and excitement that he has missed during his life. The hilarious situation, he blunders himself into and out of trouble, makes him one of the most laughable films screened in recent months.

Others in the cast include Robert McWade, Oscar Apfel, Jack Mulhall, Clara Kimball Young, Jack LaRue and Billy Barrard.

"The Last Days of Pompeii" is a drama of the historic Roman city at the height of its magnificence. It tells the story of a young girl, Irene Hervey, who is in love with a young man, Edward Everett Horton, who is in love with her.

The Red Cross Society of Russia has contributed \$10,000 to China's flood relief fund.

The DAILY WASHINGTON MERRY GO ROUND

WASHINGTON, Nov. 25.—One fact stood out with striking force at the Mayors' Conference here: The overwhelming majority of municipal executives are ardent advocates of Federal relief.

Sparingly up against the impossible task of streamlining deeply-riddled finances, to cover even the most basic needs, most mayors and city managers are joining in a common cry for Federal aid.

They are, however, not alone. Federal funds have been pouring into the country since the beginning of the year, but the money has been so widely scattered that it has been impossible to get it into the hands of the cities.

With a few exceptions the city fathers attending the conference, considering the situation a permanent problem.

Edith's Mayor Howard Jackson, talking informally to a group of colleagues, voiced the idea in these words: "I look forward to a steady and strong improvement in business in every line and at the same time a practically unlimited number of unemployed."

Technical developments and the tremendous production of products were held responsible for this condition.

Next to the Mayors' demand for more Government money, the chief demand for a long range relief policy, Washington's policy of shifting the burden of relief to the states.

The Federal Communications Commission is rehearing the petition of the American Telephone and Telegraph Co. to lay a coaxial cable between New York and Philadelphia.

Members of the Federal Communications Commission believe the company fears that laying the new cable will prove how cheap telephone costs can be made, thus leading to wholesale lowering of rates.

Public criticism of the company has been expressed by Congressman Paul Walker, in charge of the \$750,000 Senate investigation of the A. T. & T. telephone monopoly.

Members of the Federal Communications Commission believe the company fears that laying the new cable will prove how cheap telephone costs can be made, thus leading to wholesale lowering of rates.

Public criticism of the company has been expressed by Congressman Paul Walker, in charge of the \$750,000 Senate investigation of the A. T. & T. telephone monopoly.

NEW YORK INSIDE OUT By DON O'MALLEY

NEW YORK, Nov. 25.—The city's new boss racketeers are not of the old time brass knuckle variety.

The very once belonged exclusively to the old East Side crime boss, who ruled the underworld from hood room headquarters.

The leading bosses of the town, now that Dutch Schultz, last of the Prohibition cronies, is gone, are John Shapira, Johnny Torrio, Tom Lupo, the Barker, Charles (Doc) Lupo, and Charles (Doc) Lupo.

Muscle men, who unfortunately are sometimes required to intimidate racket victims, are kept in the background. The bosses lately have been the "managers."

With the arrival of the New Year, the underworld, at least, has become a place where it is hard to move.

STUFF SHUTTERS.—The present racket, bosses, in fact, are quite a crew of social climbers. Cro Termanova, the Harlem overlord, loves a center in the rolling hills of Westchester. He likes to meet the interesting people who live up there.

But, instead of the lovely picture, has been taken up by all of them, and several of the "organization" leaders are in heavily for "off" Lender Lender, Jack Shapira and Salvatore Sittone may be seen on fine mornings heading for their favorite golf course near Bronxville, a suburban of private clubs in law. They have to be busy about golf, because the boss must know how to carry an automatic as well as a golf bag.

Lucky Luciano is a popular figure in the underworld, and he is in love with John Anthony, a nobody who turns up from nowhere. He seems to be in love with her, but because of some mysterious secret in his past, things are a little queer between them.

John Howard, a white front man, is a little queer between them. He is a white front man, and he is in love with John Howard, a white front man.

John Howard, a white front man, is a little queer between them. He is a white front man, and he is in love with John Howard, a white front man.

John Howard, a white front man, is a little queer between them. He is a white front man, and he is in love with John Howard, a white front man.

John Howard, a white front man, is a little queer between them. He is a white front man, and he is in love with John Howard, a white front man.

John Howard, a white front man, is a little queer between them. He is a white front man, and he is in love with John Howard, a white front man.

Institute Is Held Here By County Teachers

Teachers of Contra Costa county schools gathered at the Richmond Union high school yesterday at the annual Teachers' Institute.

W. T. Helms, city school superintendent, was chairman of the day and R. O. Wilson, county school head, delivered the address of the day.

Among the speakers were Dr. Walter Morrill, educator and world traveler; Dr. Harold Hand, of Stanford; and others. The Longfellow Junior high school boys' glee club, directed by Miss Sara Spire, and the girls' glee club of the high school, directed by Mrs. Louise Robinson, presented a program.

Section meetings were held during the afternoon. Today and tomorrow the teachers will attend institute in Oakland and San Francisco.

The message came from the San Francisco light ship which saw the mishap. No details were received other than the White Rose was being towed by another ship when it overturned.

The tug Sea King and a Coast Guard ship went to aid the distressed trawler. All members of the White Rose crew were Japanese.

Alma Whitaker, society girl in the love of a burlesque, falls in love with John Anthony, a nobody who turns up from nowhere. He seems to be in love with her, but because of some mysterious secret in his past, things are a little queer between them.

John Howard, a white front man, is a little queer between them. He is a white front man, and he is in love with John Howard, a white front man.

John Howard, a white front man, is a little queer between them. He is a white front man, and he is in love with John Howard, a white front man.

ANNIVERSARY OF RICHMOND COUPLE FETED

Mr. and Mrs. Frank DeGregorio, pioneer Richmond family, celebrated their golden wedding anniversary with a family dinner at the Civic Center clubhouse on Sunday.

The anniversary of the couple fell on Saturday but the reunion was held on Sunday in order that all the children and their families could be present.

The nine children present were Louis DeGregorio and Mrs. Elizabeth Moore, of Richmond; Michael and Albert DeGregorio and Mrs. Katherine LaManca, of Los Angeles; Mrs. Mary Schifano of San Francisco; Peter, of Oakland; Harry of San Rafael and John of Hayward.

A full-course turkey dinner was served to the 45 guests by Mrs. Nellie Dimmock and her daughter, Mrs. Mary Findley. They were assisted in serving by Miss Frances Anclote, Mrs. Caroline Findley and Miss Betty Findley.

The couple were married November 23, 1885 in Italy. They came to America three years later and settled in San Francisco where DeGregorio operated a market.

When the fire of 1906 burned them out, they came to Richmond and have made this city their home ever since.

DeGregorio is 76 and his wife is 70. Both have enjoyed the best of health. Although DeGregorio is retired, he still manages to keep busy.

DEGREE WORK IS HELD BY ECLIPSE LODGE

The second degree was conferred on a group of candidates by Eclipse Lodge of Odd Fellows last evening at the Odd Fellows hall.

Gust Thornquist, the noble grand, presided over the session.

At the next meeting the lodge will elect officers for the ensuing year. The third degree will be conferred at that time.

DRUID HEAD IS HONORED AT SESSION

Grand Arch, Druidess Mary Neill of San Francisco, paid her official visit to the Point Richmond Circle of Druids last evening at a meeting in the Richmond clubhouse.

The grand officer was accompanied by a staff of grand lodge officers.

Many visitors were present from neighboring cities.

Initiation was held during the evening with Violet Grollit, the druidess, in charge. Talks were heard from many visitors and grand lodge officers.

Mrs. Neill was presented with a lovely gift from the lodge and Mrs. Joseph Porcili, "mother" of the local chapter, was also honored.

Following the meeting a delicious banquet was served by Marie Cordano, Mary L. Coridono, Flo Swager, Louis Novarini, Mrs. Margaret Irwin and Amelia Akin.

Florence Newman and Delbert Baxter are married at Reno Rites.

Mr. and Mrs. Charles W. Newman, of 611 Maine avenue, announced the marriage of their daughter, Miss Florence Newman to Delbert Baxter of Oakland, at Reno on November 17.

The couple slipped away to the Nevada city for the ceremony. They are now at home to their friends in Berkeley.

The bride graduated from the local high school and has been employed as a nurse at a Berkeley hospital.

Baxter is the son of Mrs. Beth McLean of Oakland and is employed in Oakland.

**B. P. W. CLUB
CARD PARTY
ENJOYED HERE**

The Richmond Business and Professional Women's Club last evening entertained at a public card party held at the Civic Center Club.

The affair was directed by Jessie Spencer and it attracted a large crowd of players. Prizes were awarded to holders of flush scores.

Prize winners were Joseph Hantush, Mrs. J. B. Vloeborgs, and Virginia Griffin, for whist and Helen Patterson, Rita Garrard and Vida Clark for bridge.

**K. C. COUNCIL
PAYS VISIT
TO BERKELEY**

A very short, routine business meeting of the Richmond Council of Knights of Columbus was held last evening at the Memorial hall.

The affair, which is for the benefit of a needy family, will be sponsored jointly by the Onetah Tribe of Red Men and the Onetah Council of Pocatong.

Frank Shubert, C. L. Saffell and John Colombo, of the Red Men and Mrs. Bertha Shubert, of the Pocatong, will have charge.

Raymond Pacheco presided last evening and a social game of whist followed the meeting.

**Robey Last Rites
Held In Oakland**

Friends gathered at the Grant D. Miller chapel in Oakland yesterday morning to attend funeral services for the late Elmer D. Robey 47, of Albany, former Richmond resident who died Wednesday in San Francisco.

Santa Fe railroad men who acted as pallbearers were Z. R. Beaudet, A. J. Brown, F. C. Stewart, P. E. Ingraham and J. J. Coward of Richmond and C. G. Ellis of Berkeley.

**Here's Real Help
In Avoiding Many
Miserable Colds**

Unique Medication Designed to Aid Nature's Defenses in Nose and Throat, Where Most Colds Start.

PROVED IN USE BY MILLIONS

In the exclusive formula of Vicks Vapo-rinol has been found a unique and successful aid in preventing many colds—winter's threat to our comfort and health.

Va-tro-nol is especially designed for the nose and upper throat—where most colds start. It aids and stimulates the functions provided by Nature—in the nose—to prevent colds, and to throw off head colds in the early stages. Used in time—at the first nasal irritation, sniffle, or sneeze—just a few drops up each nostril—Va-tro-nol helps to avoid many colds.

Where irritation has led to a clogged-up nose (a stuffy head cold or nasal catarrh) Va-tro-nol reduces swollen membranes—clears clogging mucus—brings comforting relief.

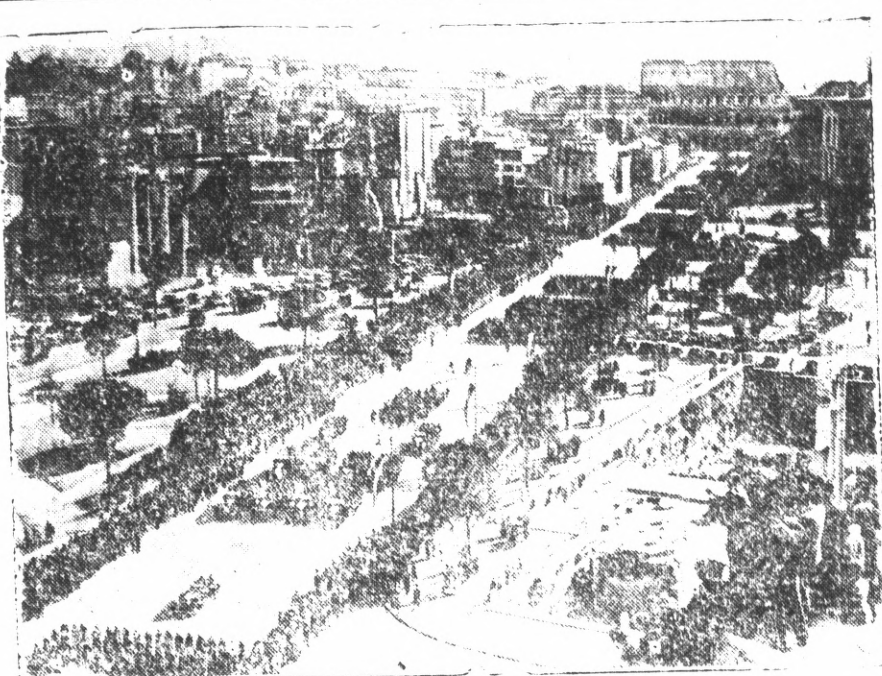

For Fewer and Shorter Colds
Note to mothers—who guard the family's health: Vicks has developed, especially for you, a practical Plan for Better Home Control of Colds. This guide to fewer and shorter colds has been clinically tested by practicing physicians and further proved in everyday home use by millions. Full details of Vicks Plan in each Va-tro-nol package.

Over 50 Million Vicks Aids Used Yearly for Better Control of Colds

Kings Day In Italy

PREMIER MUSSOLINI sat on a horse for two hours to review the 35,000 armed troops that paraded in Rome on King Victor Emmanuel's 69th birthday. Above is a view of part of the procession. Afterwards Mussolini said: "The forces you have seen this morning are ready to defend with all their weapons Italy's interests in Europe, Africa, or anywhere."

W. O. M. LODGE DELEGATES AT ANGELS CAMP

Members of the Richmond Chapter of Women of the Moon Sunday attended institution of a new chapter of the order at Angels Camp.

Deputy Grand Recorder Adele Oust had charge of ceremonies and was assisted by the Stockton Chapter.

At noon a turkey dinner was served by the Angels Camp lodge to the visitors and members.

Chiffes represented were Marjorie Stockton, San Jose; Merced, Los Angeles, Oakland and Richmond.

The local delegation was headed by Theresa Larson, senior regent. Other Richmond people in the party consisted of Mr. and Mrs. A. J. Waite and son James; Mesdames Minnie Phillips, Nellie La London and Marie Lee Kelly, who left here Saturday morning for the "Mother Lodge" country.

After stopping to see Paradise dam they were guests of Mr. and Mrs. C. D. Day at their home at Hudson dam. Mrs. Day is Waite's sister and had in a group of old-time friends for the evening.

Old-fashioned dances were enjoyed, followed by a moonlight boat ride on Hudson lake. The evening closed with a welcome roast on the shore of the lake.

**ONETAH TRIBE,
POSAHONTAS TO
HAVE DANCE**

Plans for a benefit dance on December 11 were discussed last evening when the Onetah Tribe of Red Men convened at the 1 day hall.

The affair, which is for the benefit of a needy family, will be sponsored jointly by the Onetah Tribe of Red Men and the Onetah Council of Pocatong.

Frank Shubert, C. L. Saffell and John Colombo, of the Red Men and Mrs. Bertha Shubert, of the Pocatong, will have charge.

Raymond Pacheco presided last evening and a social game of whist followed the meeting.

**Police Asked To
Aid Search For
Missing Girl**

The police were last night asked to aid in a search for Helen Miller, 16, who escaped from the Salvation Army home in Oakland yesterday.

The missing girl is a ward of the juvenile court of Santa Clara county.

When first seen she was wearing a blue print dress, brown sweater and black shoes. The missing girl is of slender build, has blue eyes and dark hair.

Cullen Funeral Will Be Held Here Wednesday

Funeral services will be held from 10 to 11 a. m. Wednesday at the Wilson & Kratzer chapel for the late Thomas Stephen Cullen, 63, resident of Hercules for the past 25 years who died at an Oakland hospital on Sunday morning. He had been ill for many months. His wife, Florence Cullen of Oakland, and a brother, Harry Cullen of Oakland, will officiate at the services and entombment will be in Sun et mausoleum.

Deceased was an employee of the Hercules Powder Company for 25 years, working at his trade of machinist until his retirement in 1933.

Left to mourn are his widow, Mrs. Minnie Cullen; a daughter, Mrs. Gladys Devore of Hercules; three sisters, Mrs. Katherine Long of Oakland, Mrs. Sadie McLaughlin of San Francisco and Miss Florence Cullen of Oakland, and a brother, Harry Cullen of Oakland.

Textiles Are Purchased By WPA Officials

SAN FRANCISCO, Nov. 25. (AP)—State WPA headquarters today reported 13,818,000 yards of textiles had been purchased for use in work relief projects, expected to give employment to 8000 women.

The textiles were purchased from eastern mills at a cost of \$3,000,000. The relief agency also plans to spend \$4,500,000 in California for purchase of buttons, trimmings and other garment making findings.

The women will make blouses, shirts, dresses, aprons, sheets, towels and other articles for distribution among needy families.

The sewing project is the principal one arranged for women in the work relief program. Others will be given employment in providing medical, dental and nursery care for unemployed families and in clerical projects.

**King Greeted As
He Leaves Cruiser**

ATHENS, Nov. 25. (AP)—King George II, a monarch of a king's touch of the old order to his navy, army commander in chief, uniform, rode triumphantly through the crowded streets of Athens today to reclaim 6,500,000 subjects, as restored sovereign of Greece.

A throng of many thousands, from all parts of Greece, gathered early at the quay side of old Pireon airport to greet the King as he debarked from the gaily bedecked cruiser Helle, which had brought him here.

**Auditions Held
For Musicians**

Auditions began yesterday in Oakland for unemployed musicians in Contra Costa and Alameda counties seeking assignments on the new WPA projects for this district.

The auditions are being held at the Bundy studio, 396 Oakland avenue. Musicians seeking to qualify for the project must have been registered at the California State Employment service as of October 31.

**Eye Operation On
Alustiza Success**

SAN FRANCISCO, Nov. 25. (AP)—An operation performed last month in an effort to restore vision to the right eye of Frank Alustiza, Stanford football player, apparently was a complete success, it was learned today. Alustiza told visitors that he can see "O. K."

THE SPECIAL SENSES

Man is primarily a creature of sensation and these sensations come to him through special sense organs which refer stimuli to the appropriate brain centers. There are all familiar with the five senses: the senses of sight, hearing, touch, taste, and smell; however, man possesses other special senses such as the temperature sense, muscle sense and so on. Certain senses are more useful than others; thus, in man, the sense of sight is the most important. Probably 75 per cent of all that we learn, we learn through this one special channel. In man, the sense of smell is rather poor and is certainly inferior to that of the dog. It has been estimated that as high as 80 per cent of all the movements made by our muscles depend upon seeing. Muscular response depends to a large extent upon vision, or upon seeing.

In simplest forms of life, no special sense organs were developed. The amoeba needed no special organ of sight, because the whole body wall eye. However, with more complicated development, we find that life in certain forms depends upon specialization of cells, and certain cells specialize, taking over the work of seeing, becoming the organ of sight. In man, the organ of sight is the eye and the eye is the part of the human body which sees; just as the ear is the part which hears. The sense of touch is more widely distributed than the other senses and nerve endings which enable us to distinguish touch are distributed over a great deal of the skin surface.

A sense organ is so constructed that it will respond to its own particular stimulus—thus, the eye responds to light, and the ear to sound and so on. Each sense organ is made up of three parts. First, is the outer organ itself which responds to the stimulus, next this stimulus is carried inward over a nerve path which conducts it to the third part, which is a special center in the brain where these particular messages are handled. It is the brain center which does the real feeling, the real perceiving. A stimulus reaches the sense organ but this is followed by the brain center into a sensation.

It is interesting to note that the sense organs receive stimuli, not because, like all other cells in the body, they are capable of being irritated. Irritability is the primal attribute of a cell. The kind of irritability depends upon the kind of sense organ—thus the eye is irritable to light, the ear to sound and so on. The nerves of the special sense organs are so highly specialized that they respond to any irritation by their own particular, inherent kind of sensation. This irritation may consist of trauma or injury. For example, any irritation of the optic nerve, or of the seeing nerve, will make you see light. You may be in a totally darkened room and yet if you strike your eye by bumping it on a door, the blow will make you see colored lights, or stars. The optic nerve will respond to irritation by making you see a light. The auditory nerve, or the nerve which does the hearing may be irritated by toxic material in the blood and you will then hear sounds. For example, when you have a cold, and the germs are produced, these substances which are picked up by the bloodstream, these substances will irritate the hearing nerve and you will hear buzzing sounds, or ringing noises in your ears. Actually, there is no noise for you to hear, and yet you will seem to hear noises, because an irritation is affecting the hearing nerve, which, just because it specializes in hearing, can do nothing else but give you a sound. The optic nerve can give you only a sensation of light and the auditory nerve can give you only a sensation of sound.

In a future article, I will discuss some of the other special senses which do such interesting work for you.

QUESTIONS AND ANSWERS

PUMPKIN
Question: Miss Virginia B. writes: "Please give me some information about pumpkin."

Answer: I consider the pumpkin a wholesome non-starchy vegetable that is best cooked in the same manner as squash. That is, cut into small pieces, boiled in plain water and mashed if desired, while cream and butter may also be added. The small, fresh pumpkin should be used whenever possible, as it contains less starch than the more mature variety, which is the grade commonly found in canned pumpkin. However, the canned variety makes a good substitute and should be used frequently when fresh vegetables are scarce. An article on PUMPKINS, which provides some recipes, will be sent to anyone desiring a copy. To get the article, write to me in care of this newspaper and enclose one large, self-addressed envelope and ten cents. Additional article on WINTER SQUASHES is also available.

(Unconscious Solves Problem)
Question: Mr. Bob R. writes: "Will you explain why it is that sometimes when you are trying to find a mistake you have made and can't find it, that if you will stop thinking about your problem, the answer will come in a flash?"

Answer: In such a case, the answer is brought up to the conscious stream of thought from the unconscious. It is likely that an impression of the mistake was recorded on the unconscious. As long as the conscious mind is actively hunting for the mistake it blocks the unconscious, but when the conscious attention is diverted, the unconscious has time to go through its memories which it has filed away and find the right one. The unconscious probably goes on thinking about the mistake and sifts through a number of its records to locate the one which fits. You must realize that when the conscious mind is trying very hard, a certain amount of tension is maintained—when this tension is relaxed, the unconscious may have a better chance of finding the answer.

Dinitrophenol as Thinning Preparation Has Proved to Be Dangerous

By CLAUD NORTH CHRISMAN, M.D.

FOR several years the medical press, as well as many magazines and newspapers, have published statements concerning the danger of taking medicines in the effort to reduce weight. Ever since the recently compounded "Dinitrophenol" was first proposed as a means of reducing weight rapidly we have tried to warn the public of the extraordinary danger in its indiscriminate use.

The disastrous results which frequently follow its use have been published in a number of wide, yet its sales in one form or another have increased and the unfortunate results continue to follow.

Why persons who are over-weight should be so oblivious to the serious possibilities of sickness or death that they will take this drug without any knowledge of how to use it is difficult to understand.

Basis of Slimming Medicines

The Pure Food and Drug Administration points out that Dinitrophenol now forms the basis of half a dozen or more patent medicines, many of which have now been confiscated under the Food and Drug Act.

Mr. W. G. Campbell, chief of the Federal Food and Drug Administration, says: "It is interesting to note that all the so-called reducing preparations on the market fall into three categories—first, laxatives that deny the body the benefits of its food intake, as salts, crystals and herb teas; second, obvious frauds that depend for their effect on the stringent diets prescribed as part of the 'treatment,' and third, the unquestionably effective, but dangerous, articles containing Thyroid or Dinitrophenol, both of which act by speeding up the utilization of food."

Some of the Results

In July, 1933, Drs. Cutting, Mehrtens and Tainter published an article describing the fat-reducing effects of Dinitrophenol. They had experimented on many animals and a few humans and had reached the conclusion that it was reasonably safe to use in carefully controlled doses. Within a very short time reports commenced to come in from all over the country of some very unfortunate results.

At first these were supposed to be due to over-dosage, but that proved to be not always the case. Some were taken down with a severe skin affection after only a few small doses. Many were seriously ill, and a few died from its effects.

The symptoms were severe chills, high fever, intense itching, extreme weakness, profuse sweating, swelling of the face and hands and acute Bright's disease. Post-mortem examination showed destruction of kidney tissue, atrophy of the liver and stomach, causing bleeding. This condition came on more or less seriously, shortly after beginning treatment.

Many physicians felt that if there was no reaction early it was safe to continue using. Now our oculists are reporting severe eye trouble in the form of cataract that is coming in a year or more after stopping the drug.

These people had no disturbance while taking the drug. It was taken in what was supposed to be safe dosage, but cataract with complete loss of sight has been known to come about.

Modes and Manners

QUESTION: "I have a boy under three. Please tell me how you would go about breaking him of the habit of drinking with his mouth full of food.—Mrs. I. D. F."

ANSWER: As he takes the cup or glass in hand, why not prompt him to "swallow first, then drink"? Say it once and quietly. In time he is bound to succumb to the power of suggestion. Don't nag.

QUESTION: "Is it polite, when dining out, to begin eating bread and butter before being served with one's order.—B. O'D."

ANSWER: A hungry person may eat a piece of bread while waiting for his order. But a person of good taste knows when to stop. He does not help himself to piece after piece, as though trying to see how much bread he can eat before the order comes.

QUESTION: "How should a judge be addressed in writing?—P. L."

ANSWER: As "The Hon. Charles Michael."

QUESTION: "How should floral silverware be handled?—Josephine."

ANSWER: Always by the handles.

Profiles For Today

Harold S. Vanderbilt Carries on the Name

By TALBOT LAKE

HAROLD S. VANDERBILT belongs to a family that is tradition in America, one of the oldest, wealthiest and most cultured strains in the nation. The name Vanderbilt is heard everywhere, and the family plays an always-important part in the United States, yet not much is known about Harold S. Vanderbilt. When he breaks out in the news we realize that, although we all know he is around, none of us has much idea of what he's like.

This is because the young Vanderbilt has an abiding distaste for publicity, and not only avoids it, but actually wages a battle against it. Just recently he had a hot argument with Chairman Jesse H. Jones, of the RFC, over an extension of a loan made to the New York Central Railroad.

What Vanderbilt disliked about the RFC deal was that Jones allowed the newspapers to hear about the matter. Mr. Jones replied that "some bankers and corporate officials do not like publicity," which explained the Vanderbilt credo very successfully.

Most of the descendants of the wealthy spend their time in Europe, and allow their banks to clip stock and bond coupons for them, but Vanderbilt has shown that he takes a real interest in business affairs and intends to be an integral part in the administration of the family name and fortune.

Harold S. is not all business, however. He is one of the most enthusiastic supporters of yacht racing in the world. When a child at Newport he became fascinated by sailing boats, and he has followed the sport ever since. During the war he was a naval lieutenant, and this training further readied him for the remarkable series of cups he has won in recent years. He won the Astor cup in 1922, 1925 and 1932, and two of his boats, the Enterprise in 1930 and the Rainbow in 1934, won the America's cup races. Last August he won the historic King's cup with the Prestige.

Besides all this Mr. Vanderbilt is an authority on bridge, and helps make the rules of the game, perhaps, that husbands and wives charge each has never read.

LACE AND VELVET

Copyright, 1935, by Fairchild.

Illustrated is a lace jacket ensemble with cape-sleeves, designed for half sizes. It is in rust color, and the color is repeated in the velvet sash, and also in the velvet flowers at the décolletage, which is easily draped.

Guide to Charm

Evening Tub Is Leisurely Beauty Time

By JACQUELINE HUNT

YOU can do exciting things for your face while you take your leisurely evening tub bath. You will usually have plenty of time for cleansing your skin thoroughly with warm water and bubbly soap-suds or a quick-melting, fragrant cream while the water runs into your tub.

If you expect to use a mask, circulation cream, or ointment while you are in the tub a cream cleansing is preferable, since the skin is lepliable and soft. If a softening treatment follows, then the stimulating soap-and-water cleansing is best.

When the temperature of your bath water is right and you have added your favorite bath crystals or lotion, slip into the tub with all of your beauty accessories within easy reach on one of the bath trays that we mentioned in yesterday's column, or on a stool placed beside your tub.

This is a good time to apply a softening cream over your clean face and neck.

Smooth it on liberally, since the warmth of the water causes the surface skin to absorb a surprising amount of the pure, fine oils. If you wish, apply a cream mask or a mask or a preparation that will do its work inside of the half hour you have allowed for your bath.

The brownish, fragrant rejuvenating cream I've mentioned before is an excellent preparation to use while you are in your tub. Wipe off all softening cream with tissues before you apply a thick film of the stimulating cream. Allow this to remain on your skin for fifteen minutes. While it is doing its work, squeeze small eye-pads out of warm water or eye lotion, press them over your eyes and lean back and relax.

When the fifteen minutes are up, remove the eye-pads and use tissues to remove the mask. You will need a liberal coating of cleansing cream to remove the last sticky residue of the rejuvenating cream. After this, use pads of cotton dipped into cold water or skin tonic to pat the skin gently. Look into a mirror, and you will be proud of your firm-looking, glowing, youthfully fresh skin. The rejuvenating cream is highly antiseptic and grand for clearing up blemishes, too.

With your facial completed, you are ready to cleanse and stimulate the skin of your body. If you are an up-to-the-minute miss, you probably have a good bath brush or one of the interesting loofah bath sponges or mitts that are so grand for arousing a lazy circulation.

Or, if your skin is sensitive and you prefer softer treatment you may use a washcloth impregnated with fragrant geranium soap, or a creamy bath soap that comes in a wooden bowl with a soft-bristled mitt to get you clean.

A quick rinse under a gentle shower of tepid water, a drying-off with a big absorbent towel—preferably warm—and a rubdown with eau de Cologne or a skin lotion will leave you ready for a refreshing night of slumber no matter how hectic your day has been or the problems buzzing through your head.

QUESTION: "I have a skin that is sallow and yellowish in color, brown hair, and brown eyes. I would like to use eye-shadow to emphasize my eyes. Would brown be best for me?—G. A."

Why not concentrate on your complexion first? Find out why it is sallow and yellowish, and care for it until it is fair and youthful. Brown hair and eyes with a clear skin are lovely without further adornment. Avoid brown eye-shadow, as it is apt to give your eyes a swollen, reddish appearance as though you had been crying. Try a blue-gray or a lovely bronze shadow and use them over a light film of cream or petroleum jelly. Use black mascara to darken your lashes if they need it. And keep your eyebrows neatly groomed.

QUESTION: "Please suggest the right kind of nail polish for my next party. My new evening gown is white, shot with silver threads, and my slippers and evening wrap are silver. The only jewelry I will use are brilliant star clips in my hair.—Jean."

If your gown is simple and youthful in line, I would suggest one of the opalescent shell or flame shades of nail polish. For a more sophisticated gown of white and silver, you might try deep, deep red polish and superimpose a light application of platinum metallic polish.

QUESTION: "How should a judge be addressed in writing?—P. L."

ANSWER: As "The Hon. Charles Michael."

QUESTION: "How should floral silverware be handled?—Josephine."

ANSWER: Always by the handles.

QUESTION: "Is it polite, when dining out, to begin eating bread and butter before being served with one's order.—B. O'D."

ANSWER: A hungry person may eat a piece of bread while waiting for his order. But a person of good taste knows when to stop. He does not help himself to piece after piece, as though trying to see how much bread he can eat before the order comes.

ANSWER: Always by the handles.

Classical Simplicity

This semi-formal frock, worn by Elizabeth Allen, of the screen, is created in sheer, olive green woolen and features a cool cape and amulet necklace.

Jeweled Buttons Added To Shirtwaist Details

By IRENE VAIL

New York—The distinguishing touch in shirtwaist themes now is the addition of jewel buttons, either rhinestone, variegated colors in a combination of stones, or seed pearl buttons. Shirtwaist dresses are made of the most elaborate metal fabrics. Velvets and such things as one would use for more formal models.

The return of the double-breasted silhouette to high fashion acceptance results in more attention to buttons and designers are going a long way toward making fastenings fascinating and ornamental to the point where they might be put behind the glass of the curio cabinet. The most decorative shapes have been seen used on coats of the silver metal flower, natural to the point of being curled up at the ends of the petals. They are a glorified edition of the Edelweiss buttons in Tyrolean fashions. There is wide latitude in the type of metal buttons presented—from the brass buttons of military origin to the delicate silver filigree types. The sports coat has also gone fancy in buttons, a favorite idea the "rag" button, made by twisting bits of tweed into knots or swirls. In evening fashions, too, the development of rich or original design in ornaments is constantly reflected.

Fringe, it seems, never goes entirely out of the fashion picture. This season there is very definitely an attempt to make it an important fashion. Certain Paris houses, Chanel and Lelong, for example, showed fringed evening gowns at the recent openings, the fringed shawl dress of Chanel's having caused a great deal of favorable comment. This dress has been copied and adapted by New York houses.

Domino crowns are new and interesting in the latest millinery imports. These offer a new interpretation of the higher, squared crown which sometimes tapers toward the top. Blanche et Simone is among the creators to sponsor the domino crown fringed with a thick padded roll partially around. The hat is of violence velvet.

The use of self-bows of felt to give width and dash are effective, and de clever and becoming trick to a squared crown. Surprisingly and a bonnet which is charming. Of black felt, the edge has a looped fringe of soutache, and there is a large choux of satin at the front.

Not every woman can wear a bonnet with charm, but there are many charming bonnets to be seen. Even at this early date there are fur-trimmed hats worn and scads of them shown. Later on the all-fur hat will come into its own, for interesting things have been done with the smoother pelts, capable of fabric handling.

Dishes for Today

By Ingenuity Simple Dishes Become Novel

By JUDITH WILSON

EVERY homemaker likes to discover, occasionally, a recipe for some simple dish making use of the inexpensive vegetables, fruits and staples that she has on her pantry shelf. The recipes that I have for you today are unusual and have a saucy autumn tang about them.

Cabbage-Apple Cooctie
This recipe, brought over by the Pilgrims probably, had its origin in Holland. Shave a red cabbage very fine, rejecting the tough outer leaves and stems. Season well with salt, pepper and a dash of nutmeg. Put into a glass casserole that is well-buttered. Sprinkle with a few drops vinegar and very little sugar. Cover and bake slowly over about an hour, then cover the top of the cabbage with peeled, cored and quartered apples. Sprinkle with 1/4 cup sugar, return to the oven and bake until the apples are tender. Serve in the casserole. This is extra good with roast pork or chops.

Tomato Juice Casserole of Lamb and Vegetables
Crisp Dinner Rolls
Florida Fruit Salad
Plum Cake
Tea

Grapefruit Appetizer
Corned Beef, Cabbage, Beets and Parsley Potatoes
Picked Onion Rings
Corn Muffins
Apple Dumplings
Coffee

Spiced Beets
Peel beets and cut into shreds with a vegetable shredder. Place in a well buttered casserole and season with salt, pepper, 1 teaspoon sugar, 1 tablespoon vinegar and a dash of nutmeg. Add small bits of butter and 1/2 cup water. Cover and cook in the oven until the beets are tender, about 30 minutes. Serve hot as a vegetable or meat accompaniment.

Tomato-Cheese Salad
Toast 3 tomatoes over a hot flame and remove the skins. Dice the tomatoes and toss together with 6 stuffed olives finely chopped, 1/2 cup American cheese cut into fine dice and a dressing made from 1 tablespoon each olive oil, vinegar and mixed pickles and 1/2 teaspoon curry powder. Chill thoroughly and serve on crisp lettuce with a garnish of sweet pickle.

Sukiyaki
This delightful Japanese stew is economical and a welcome treat for the family on a chilly October night. The unusual items called for are bamboo sprouts and soya bean sauce, but these can be found at most delicatessens and in many ordinary grocery stores. If you have a good electric grill that can be used at the table, then delight your family by bringing in the colorful uncooked ingredients on a large platter. Here is the recipe, but you should let your taste determine the proportions of the ingredients used.

Put pure, sweet fat into a large hot skillet. On the platter you should have arranged gleaming spinach leaves, sliced white onions, bamboo shoots, a mound of lean beef cut into thin shavings, peeled and sliced mushrooms and slices of celery. The onions are first to go into the hot fat with the mushrooms, bamboo sprouts and celery in quick succession. Add the spin-

ach and if you need moisture a little chicken broth or canned consommé. When the vegetables are tender, push to one side of the pan and add the beef shavings. Cook five minutes or a little more depending on their thickness, then season well with salt, a teaspoon sugar and several dashes of soya bean sauce.

MODERN WOMEN

Hobbies Play Important Role in Life—More So For the Men

By MARIAN MAYS MARTIN

PRIVATE LIVES of professional people appear to have considerable interest for the world at large. But there are unimaginative persons who, when they see the business or professional woman in private, seem surprised that she has a life of her own. Recognizing the fact that too many people think of nurses professionally without the realization of their need for a normal number of working hours as accorded to women in other types of business and public service, and wishing to show both nurses and the public some of the advantages of the advanced, pleasant and profitable use of the Committee on Eight Hours for Nurses, of the New York County Nurses Association announces the first Nurses' Hobby Show, to be held at the Hotel Biltmore, New York City, November 14 and 15.

There's a three-fold purpose: first, to present the hobbies of nurses and demonstrate the versatility of members of the profession; second, to make available opportunities and resources for hobbies in New York City; and last, but not least, to stimulate wide-spread interest in the Hobby Show among doctors, hospital authorities, and the general public, so the end that there will be more general recognition of the fact that nurses need leisure; that shortened hours of work will give them a added zest and time for broadening their interests in the care of the sick.

And why shouldn't nurses, like other people, have hobbies, and time to ride them? Everybody is not only entitled to a hobby, but is encouraged in indulging in it. What is yours?

Men seem more given to collecting or going in for some other hobby. I have often wondered why. Do you suppose the feeling of having money could have something to do with it? Husbands are not always sympathetic with their wives' fads. If they have the same tastes it's all right, but when a woman's hobby is collecting her prizes are just junk in these eyes.

Wives, on the other hand, have schooled themselves to treat with something like reverence the gadgets their husbands collect. Even if the hobby happens to be firearms they profess a flattering interest in them, when in reality they begrudge them house room and are frightened out of their wits. Guns and such are the hobby of many a man who is anything but combative by nature.

Admitting to being slightly daft on the subject of antiques, I naturally am prone to advocating an interest in them. There really is some sense in collecting old pieces, since they increase in value with the years still if one's tastes run contrary, obviously collecting old things should not be a hobby.

After all, since the main object of having a hobby is to cultivate an interest in the pursuit of something which gives enjoyment, I suppose it is possible to make a hobby of anything. It does not necessarily imply collecting. One's hobby might be golf, bridge, crocheting, or what have you; the point is to have something which is intensely interesting and at which one may work as a pure labor of love.

Boys Natural Collectors
Boys are great hobbyists. It's a trait which should not be discouraged in them, no matter how trying it may be to have moths and butterflies, bugs, and beetles about. As far as I can gather girls are less likely, after they have passed the doll stage and before they get to the class pin age, to go in for collecting. It seems a pity they do not form the habit early in life. Possibly they will be encouraged, as this generation is in its own particular pursuit of happiness.

"My dear Mrs. Martin: I have a very old friend, a woman many years older than I and she has a husband much older than she. My husband objects to having them visit us and I don't feel right about it. I finally asked my friend to spend the day with me and stay over night making the trip back next day. She has refused my invitation and I feel sure it's because I didn't ask her husband. Do you think she should like offense?"—Martha.

The old friendship, I take it, exists between you and your woman friend. It's unfortunate that you cannot arrange your visit without the men folks, since apparently they have nothing in common and would not add to the occasion. I suggest you spend the day together, more than one day if you can, but that you do not disrupt the household by upsetting your respective husbands.

Boys are great hobbyists. It's a trait which should not be discouraged in them, no matter how trying it may be to have moths and butterflies, bugs, and beetles about. As far as I can gather girls are less likely, after they have passed the doll stage and before they get to the class pin age, to go in for collecting. It seems a pity they do not form the habit early in life. Possibly they will be encouraged, as this generation is in its own particular pursuit of happiness.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

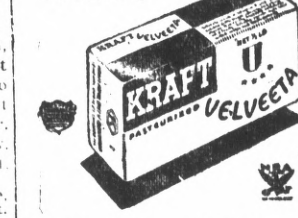

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sick and the world looks pink, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two quarts of bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas blocks up your stomach. You have a thick, bad taste and your breath is foul. You feel sick and you feel down and out. Your whole system is poisoned.

If you take these good, old CARTER'S LITTLE LIVER PILLS to get these two quarts of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making bile flow freely. But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Repeat a substitute, 25c drug stores. © 1934 C. M. Co.

This delicious cheese food is DIGESTIBLE AS MILK ITSELF!

Hidden in Velveeta's richly mild Cheddar Cheese flavor are health-protective elements of many foods. It's wonderful for children. Serve Kraft Velveeta—in sandwiches, in cooked dishes... often!

Prompt Help For Itching Eczema

It's wonderful the way soothing, cooling Zemo brings prompt relief to itching, burning skin, even in severe cases. Itching soon stops when Zemo touches tender and irritated skin because of its rare ingredients. To relieve Rashes, Ringworm, and comfort the irritation of Eczema and Pimples, always use clean, soothing Zemo. Insist on genuine Zemo. Approved by Good Housekeeping Bureau, No. 4874. 25c, 60c, \$1. All druggists.

TOOK OFF 17 LBS. OF UGLY FAT

HEEDED DOCTOR'S ADVICE

Mrs. Robert Tucker, Rossmore, Calif., writes: "My doctor prescribed Kruschen for me—he said they wouldn't hurt me in the least. I've lost 17 lbs. in 6 weeks. Kruschen is worth its weight in gold." Mrs. Tucker paid no attention to gossipers who said there was no safe way to reduce. She wisely followed her doctor's advice. Why don't YOU?

Get a jar of Kruschen today. Use it 4 weeks and costs but a trifle. Simply take half teaspoonful in a cup of hot water every morning. All druggists.

IT'S SIMPLY INEXCUSABLE

You cannot expect to make friends socially or in business if you have halitosis (bad breath). Since you cannot detect it yourself, the one way of making sure you do not offend is to gargle often with Listerine. It instantly destroys odors, improves mouth hygiene and checks infection. Lambert Pharmaceutical Company, St. Louis, Missouri.

LISTERINE

ends halitosis
Kills 200,000,000 germs

Livermore high school and attended the University of California. He graduated from that institution with very high honors in 1915.

SERVED DURING WAR

For a number of years Teeter was employed as auditor and accountant in San Francisco, Oakland and Berkeley.

During the world war Teeter served with the United States army as a lieutenant. He saw action in France.

After the war he came to Richmond and was employed by the Certain-Teed company in an accountant's position. He left the local plant to accept a county position seven years ago.

Teeter married Miss Dorothy C. Paulsen in 1924. They have one child, a son, aged nine. Their family home is at 2617 Sonoma avenue, Richmond.

Milling Firm Launches Labor Measure Attack

KANSAS CITY, Mo., Nov. 25.—

Attorneys for a flour milling company today figuratively threw a five pointed harpoon at the Wagner Labor Relations act in the first federal court test of that legislation. The attack in the court of United States Judge Merrill E. Otis today drew to the defense of the Wagner act Charles E. Faby, National Labor Relations Board general counsel and United States regional and district attorneys.

The act, as it affected the Majestic Flour Mills Company of Aurora, Mo., was described as unconstitutional by the mill on five grounds. John G. Madden, representing the milling company, asked a permanent injunction to prevent the Government from interfering with the company's business by invoking the act.

The company previously had obtained a court order allowing it to disregard a citation to appear before the Regional Labor Relations Board at Springfield, Mo., to answer to complaints of employees.

Ford Firm Exhibit Stolen From Show

PORTLAND, Ore., Nov. 25.—

Stolen: Ford Motor Company's \$50,000 exhibit of instruments, tools, dies and other paraphernalia, and the truck in which it was loaded last night for shipment from the Portland auto show to Tacoma. Officers said someone drove the truck out of the Read Truck Line garage.

Mass In Moscow

MYRIAD RED banners, flags, pictures, placards and electrical displays were part of the Moscow observance as 50,000 youths took part in the 18th anniversary of the Bolshevik revolution, celebrated throughout the Soviet Union. Here is a view of the great military and mass demonstration viewed by Stalin, Kallin and other high officials.

(Continued from page 1)

will register under the act before the December 1 deadline, hardly a week away.

ANOTHER DECISION

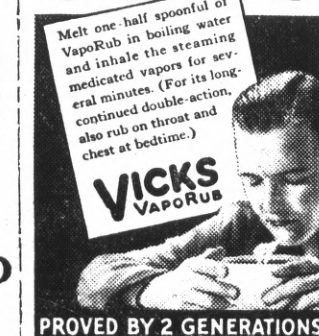

These big companies, with the highest legal talent at their advisers, apparently believe that they have an ace in the hole in jointly refusing to register with the commission. Obviously their executives must have been cheered yesterday, when they learned of the decision of the United States Supreme Court in granting the application of Louisiana rice millers for an injunction against processing taxes under the AAA amendments. It constituted another solar plexus blow to the New Deal, and, as in the case of the utility companies' controversy, the principle of constitutionality is the paramount contention in both cases.

McBrides Dispose Of Daily Newspaper

Announcement was made yesterday by Harry and Fanny McBride, owners of the Independent at Pittsburg, that they had sold the paper, which they have conducted for the past six years to Ted Bishop and J. Paul Moore.

For ten years Bishop was associated with the Atascadero News, and recently Moore has been an advertising solicitor on the Richmond Independent. Before coming to this city he was advertising manager of the Palo Alto Times.

BRAZIL WILL CRUSH REBEL ARMY REVOLT

RIO DE JANEIRO, Brazil, Nov. 25.—

UP — The Brazilian government tonight was expected to begin a smashing assault on rebel strongholds in Natal and Pernambuco at dawn tomorrow in a strong effort to dislodge forces of the alleged Communist-inspired revolt.

The government's decision would appear to indicate the revolutionists still are in control of the two important northern cities notwithstanding announcement earlier by war minister Juan Gomez that the movement had been crushed completely in the State of Rio Grande do Norte, of which Natal is the capital.

PLANES ARE SENT

Army and navy planes flew over both cities late today mapping rebel headquarters, particularly the military barracks at Socorro, which is expected to be the objective of the first bombardment.

Great damage, particularly to the city of Natal, undoubtedly will result from the shelling of the revolting strongholds.

Latest dispatches from Pernambuco indicated the loyal troops were driving out the rebels there and expected to dominate the situation within a few hours.

COMMANDER READY

Colonel Mamede, commander of the military brigade at Pernambuco, who was flying from the capital to the scene of the revolt to assume command of federal troops, was forced down at Bahia.

The Senate and the Chamber of Deputies approved a resolution proclaiming a state of siege throughout the republic.

The government of the State of Rio Grande do Sul telegraphed its representatives in the Chamber that a state of siege was not admissible there because of a lack of any danger of a Communist uprising.

COUNTER ATTACK

The commander of the 21st battalion at Natal reportedly escaped and launched a counter attack on the rebels at the head of state police.

Death before the firing squad was expected to be the fate of non-commissioned officers of the 21st battalion who revolted and marched.

DOCK STRIKE SETTLEMENT REPORTED NEAR

WASHINGTON, Nov. 25.—

UP — Prospects for settlement of the strike of 10,000 Gulf port longshoremen appear good, Secretary of Labor Frances Perkins said today. The conciliation board appointed Saturday by Miss Perkins met here today to discuss differences which have died no showing at 13 Gulf ports since early October.

Agreement of conciliation with the mediation board have been received from John P. Ryan, president of the International Longshoremen's Association, and from shipowners, Miss Perkins said.

She believed the strike of Pacific coast longshoremen, who refused to unload ships which Gulf port strikers loaded, would follow closely upon settlement of the Gulf strike.

The three-member conciliation board will continue mediation efforts this week. If basis for arbitration is found, the conciliation board has power, upon agreement of the shipowners and dock workers to form it off into a board for arbitration, Miss Perkins said.

Three Injured In Car Crashes

AROLD STREET, 1031

Reverend, 1031, received a minor head laceration when a car in which he was riding with Claude Ferrier, 27, of Pinole, was involved in a collision with a machine owned by Henry Schultz, 27, of 5941 Chabot Road, Oakland, at San Pablo Avenue yesterday.

In another accident reported during the day, Alvin Ericolli, 19, and Gavin Gaby, 31, both of Pinole, collided with a truck driven by Pedro Fernandez, 3, of 717 Third street, Oakland, on the Farm Tank hill. The two injured men were treated at a local hospital.

ed on the presidential palace at Natal.

Non-coms of the 29th battalion joined the movement and their officers fled to the suburbs, where they barricaded themselves awaiting rescue by the government.

Agitators were arrested in all parts of the republic to forestall spread of the movement.

SANTA FE CLEARS UP BUS ACTION

(Continued from Page 1)

Bakersfield; between Barstow and Bakersfield, via Mojave.

"We are offering, for the first time in the history of California or any other state, the advantage of having a real transportation system," Brennan said.

"Our application for state lines relates to our own territory, and will not illegally interfere with any other company's lines," he said.

PROTESTS MADE

Southern Pacific and Greyhound were protesting Santa Fe's application and at the same time, attempting to parallel its roads between Los Angeles and Arizona, and Los Angeles to San Diego, Judge Brennan said.

"Our next step, and the most important," Brennan declared, "is to inform civic bodies, such as chambers of commerce and improvement clubs, of the type of service we propose to give them. After we do that, the way will be clear for us to go ahead with actual work on the plan."

Santa Fe's application would provide for a reduction of rates, with train and stage tickets interchangeable.

Injunction Suit Of Kennel Club Hearing Today

This morning in the Superior

Court at Martinez, before Judge Benjamin Jones of Lake county, the suit of the Kennel club against District Attorney Francis P. Healey and Sheriff John A. Miller, to secure an injunction to prevent the two officials from carrying out threats to raid the track, will come up for hearing.

Attorney Leo Sullivan, who has John Robertson of Oakland associated with him as counsel, claims the option system of betting is legal.

Heretofore the question of the legality of the option system has come before courts upon arrests upon criminal charges that resulted in jury trials. In all instances in the state, it is said, acquittals re-

STATE OFFICER PLANS SPECIAL COURT DEFENSE

SACRAMENTO, Nov. 25.—

UP — Fred W. Links, State finance department superintendent of accounts, accused of misuse of State funds, will plead a constitutional provision permitting a State employee to obtain advances from revolving fund up to the amount of his salary, it was understood here today.

Links will be given a preliminary hearing at 2 p. m. tomorrow. He posted \$1,000 cash bail Saturday night when he learned he was named in a complaint signed by Assemblyman Leon M. Donihue, Oakland, accusing him of violating the penal code by using the finance department revolving fund in making personal purchases. In each case it was asserted, Links repaid the fund.

Donihue, chairman of a special legislative investigating committee, has indicated he may sign similar complaints against other officials.

Links today declined to discuss the case. He was at work as usual in the finance department.

Meanwhile payment of a \$759 claim of D. U. Sargent, Oakland accountant who inspected records for Donihue's committee, appeared likely to be held up as a result of a reported ruling by U. S. Webb, attorney general, recommending that payment for the report be submitted to a court for final determination.

A. E. Stockburger, finance director, indicated he would follow Webb's ruling, although Ray L. Riley, state controller, said similar claims have been paid regularly in the past.

Tinning Chosen On Committee

A. B. Tinning, of Martinez, former member of the board of governors of the California Bar Association, has been appointed a member of the association's committee on the administration of justice. He succeeds to a vacancy caused by the death of Judge William Beasley.

Tinning was not a candidate for reelection to the board of governors.

In the present case the issue will be decided by the court.

NO SOLUTION TO SLAYING FRESNO GIRL

(Continued from page 1)

had been reading while the assailant gained entrance to the house. This fact was shown by a pool of blood about the size of a takeplate in that room, and a larger pool in the bedroom.

COURSE OF BULLET

The bullet, taken from the child's head when she died three hours after her mother found her was believed to have come from a .22 rifle.

Dr. C. M. Vanderbergh, who examined the wound in the girl's head, said the bullet struck the top of her skull, then penetrated to the base of the brain where it lodged.

Mary was the daughter of W. H. Stammer, a prominent corporation attorney.

Upstairs, asleep in the house, were Walter, Jr., 2, and Joan, 9. Apparently they heard nothing of the bloody scene downstairs.

WAS FOUND UNCONSCIOUS

Mary was found unconscious in a front bedroom when her mother returned to the house. Unable to gain entrance at the front door, the mother went to the rear, where she found a screen slit and glass door smashed. Running in she found the child's body, then dashed to the front door in time to discover it had been opened since she started for the rear of the residence.

"There was enough action to occupy the intruder for 30 minutes—more than half the time the mother was absent," Heinrich said.

Opposition Wins Quebec Election

QUEBEC, Nov. 25.—UP—A large Liberal party majority in the last legislature was cut to almost nothing today in the Quebec general election which gave the government opposition, consisting of the Conservatives and Action National Libérale parties, 43 of the 90 seats in the provincial governing body.

By winning only 47 seats, a slim majority of four, the government of Premier L. A. Taschereau was placed in a position where enactment of its legislation will be almost impossible.

Sun-curing Turkish leaf tobacco. The tobacco is strung leaf by leaf and hung on long racks like you see below.

The aromatic Turkish tobaccos used in Chesterfield give them a more pleasing aroma and taste...

Every year we import thousands of pounds from Turkey and Greece

THE IMPORT DUTY alone is 35 cents a pound—but Turkish tobacco is necessary to a good cigarette.

The right amount of Turkish tobacco, blended with our mild, ripe home-grown tobaccos helps to give Chesterfields more aroma, helps to give them a more pleasing taste.
